COMMUNICATION POLICY

For period: February 2014 – February 2017

Rationale:
Clear and open communication is a key prerequisite for developing strong home/school partnerships between Wandong Primary School and its wider community. Ensuring that clear, open and honest two way communication occurs will further enhance opportunities for students in their learning whilst also fostering a strong and consistent network to support learning opportunities.

Aims:
To provide clear direction as to the avenues through which information will be communicated by the school to the wider community
To determine the most suitable avenues for parents/guardians to provide responses to the information communicated to them by the school.

Implementation:
- At the beginning of every school year, parents new to Wandong Primary School will receive a copy of the Communication Policy
- The Communication Policy will be uploaded onto the school website
- The Communication Policy will outline how information can be disseminated and the expectations on parents/guardians to access the information
- Parents will be provided with the opportunity to list their preferred means of communication with classroom staff at the February “Parent Information Sharing Session.”

Specific forms of communication:
